

COMBINED ELECTRIC / MECHANICAL CONTROLS FOR PETROL MOTORSTOP, ENGAGED CLUTCH WITH REINFORCED LOCKING AND ORDER FORM

MODEL CL 11B

Characteristics:

Control functioning: the levers are in dependent acting. The upper lever A is kept activated (lowered) if the lower lever B is in locking position.

Application example: deadman device (engine switching off - lever A) combined with clutch lever control (lever B)

Upper lever A electric contact: normally open or normally closed microswitch (see note)

Lower lever B linear stroke in locking position (mm): 15

Lever A material and colour: red nylon; holder in black nylon Lever B material and treatment: zinc plated metal or chromium plated metal; holder in black nylon

Assembly: on tubes Fastening type: holders coupling through screws Tube outer diameter (mm): 22 - 25 - 26 - 27 - 28

To order: compose, please, your product code inserting the boldfaced code corresponding to the chosen option in the proper square.

CL 11B			
---------------	--	--	--

"Normally open" microswitch: **1**

"Normally closed" microswitch: **2**

Lower lever B material and treatment, zinc plated metal: **MZ**

Lower lever B material and treatment, chromium plated metal: **MC**

Outer tube Ø mm 22: **3**

Outer tube Ø mm 25: **4**

Outer tube Ø mm 26: **5**

Outer tube Ø mm 27: **6**

Outer tube Ø mm 28: **7**

Note: Microswitch= "normally open" for internal combustion engine; "normally closed" for electric engine. The characteristic of the microswitch "normally open" or "normally closed" is meant with the lever leant on the knob (lowered lever). **Knob**: shaped for assembly on tubes supplied in support of.

COMBINED ELECTRIC / MECHANICAL CONTROLS ORDER FORM FOR COMPATIBLE WITH UPPER LEVER ELECTRIC CABLES MODEL CL 11B

To order:

The technical options that are represented on the opposite page are the standard personalizations which are provided from the company.

Among these possibilities, you can choose the cable construction that meets your requirements.

At first choose if you want the covered wires cut at sheath's edge or the covered out of sheath wires and eventually select the corresponding terminals among the possible options.

Find out your preferences and fill in the boxes with the number or the letters/number corresponding to your options.

Example: if you choose the covered out of sheath wires and you want a loop on the blue wire as terminal, indicate the code 12 or 13 or 14, according to your needs.

And so on for other variables.

The same procedure must be used for the brown wire and then select the corresponding options.

To order: compose, please, your product code inserting the boldfaced code corresponding to the chosen option in the proper square.

CL 11B - Lever A cable	Cut cables at sheath's edge (T)		Blue covered cable		
			Brown covered cable

COMBINED ELECTRIC / MECHANICAL CONTROLS COMPATIBLE WITH LOWER LEVER CABLES MODEL CL 11B

Characteristics of compatible cables for lever "B":

- Sheath diameter: Ø6 mm or Ø7 mm with inner antifriction tube
- Sheath length: upon request
- Wire diameter: Ø1,9 mm or Ø2,5 mm
- Wire protrusion length: upon request
- Sheath terminals: see table
- Wire terminals: see table

COMBINED ELECTRIC / MECHANICAL CONTROLS ORDER FORM FOR COMPATIBLE WITH LOWER LEVER CABLES MODEL CL 11B

To order:

The technical options that are represented on the opposite page are the standard personalizations which are provided from the company.

Among these possibilities, you can choose the cable construction that meets your requirements.

At first choose the sheath diameter and select the corresponding terminals among the possible options.

Find out your preferences and fill in the boxes with the number or the letters/number corresponding to your options.

Example: if you choose a Ø7 mm sheath and you want a sleeve with nib as terminal, indicate the code 05 or 06, according to your needs.

And so on for other variables.

The same procedure must be used to choose the wire: start choosing the diameter and then select the corresponding options.

To order: compose, please, your product code inserting the boldfaced code corresponding to the chosen option in the proper square.
